For more than 30 years, PROXDOSE™, has been a leading provider of personnel radiation monitoring, and technical services.

PROXDOSE™ MAINTENANCE SERVICES & REPAIRS

PROXDOSE™ is a leading specialist of dosimetry products and repairs. Our qualified, experienced technicians provide maintenance, calibration, repair, and other services for dosimetry equipment worldwide. We strive to provide the best products and services, therefore all our labor and parts come warranted.

We offer “UNPARALLELED FLEXIBILITY” to our clients as our services can be performed on-site worldwide, or shipped to our facilities in Europe. We also provide remote site support.
